Isn't turning out to be anything i expected. Has its moments but other times falls flat. Its a collective of stories and for some reason i expected it to be a single story. Idk, im not impressed so far. But, thats not to say its not for someone else, this is purely my opinion and also not every book is for everyone. Id also like to add theres not much lesbian content.

lets go baby

Crap! A total waste of money. But that is just my opinion.

Exellent

Superb book - the best one I've read so far.
